# HANDCRAFTED QUALITY

Established in 1994, Ortega Guitars introduced German design to authentic and traditional methods of guitar making. Committed to innovation and quality, we strive to improve what is expected at every level of all our acoustic instruments. Options like the 12-hole bridge, often found only on high-end guitars, are standard at our entry level to professional nylon string guitars. Our wide variety of body and neck sizes accommodates all ages giving everyone an opportunity to learn and play. Inspection standards are placed at many stages to assure that our instruments are the finest quality before they reach your hands.

We offer a wide range of string instruments and accessories for many musicians needs. Feel free to explore the catalog for our extensive collection.

Family Series guitars are our most popular instruments. Offering a wide variety of scale lengths, nut widths, configurations and colors, this series is perfect for players of all ages and skill levels. The quality of construction and attention to detail is completely consistent from the 1/4 sizes through the full sizes, truly setting these guitars apart. Add an included deluxe gig bag with all models in the Family Series is the best value available.

# REQUINTO SERIES

# OPTIONS

Rooted in Mexican and Latin American traditions, requinto guitars are smaller versions of the classical guitar with a shorter scale length and a notably deeper body depth. Our Requito Series guitars are not only suitable for Trío romántico groups and traditional folk music but are also great instruments for acoustic performances, where amplification is not possible, as they are much louder than a traditional small body guitar.

# GAUCHO SERIES

# OPTIONS

Originating from the Spanish word "Gaucha", which describes brave and unruly South American horsemen, our Gaucha Series represents this spirit of discovery and freedom. With gloss finishes in green apple, orange, sky blue, and the teardrop pickguard, the instruments are a departure from traditional nylon-string guitar design. The guitars have a smaller parlor body, which is very comfortable to play. All models include a color matching Ortega Guitars gig bag.

## ECOTIP

Sustainability is always an important factor for Ortega Guitars when selecting materials for our products, and there are few natural materials suitable for instrument building that are more sustainable than bamboo. This unique material continues to grow very quickly, without replanting, and its grain pattern actually makes it stronger than many typical hardwoods.

SIGNATURE SERIES  
**KEN TAYLOR**

We build instruments for the modern day player. With the help of our Ortega Guitars ambassadors, we create instruments that stand out from the rest, featuring high professional specifications and pristine, signature sound. Ken Taylor's work can be heard on chart topping hits from more than 3 decades. Ortega teamed up with the legendary side man for an MTV Unplugged tour, and the collaboration resulted in 2 exceptional instruments.

## 6STRING GUITAR – ATMOSPHERE green

ORTEGA Guitars atmosphere green strings are created and manufactured in Italy. We replaced the usually oil based treble strings with a newly developed nylon material which is made from 100% plant-based products. Our Atmosphere Green strings deliver a perfect combination of bright, warmth, punchy tone and incredible projection. Precise intonation and long-lasting tuning stability add to their exceptional playability.

## 6STRING GUITAR – ATMOSPHERE balance

Through our intensive engineering process, we calculate the windings, thickness, and core of the 3 bass strings. This process creates additional flexibility which increases vibration and resonance, ultimately delivering an extraordinary brightness and crystal-clear tonal experience. This creates a fully balanced string which delivers superior feel and tone.

# ACCESSORIES STRINGS

## ORTEGA GUITARS CUSTOM MADE STRINGS

ORTEGA Authentic, Select, and Pro strings are made with exclusive winding and polishing techniques. Our superior materials are globally sourced and produce a traditional rich, warm sound with a distinctive bright timbre.

### Different colors for different instruments:

Nylon Guitar Strings

Guitarlele,  
Mini|Travel Guitar Strings

Ukulele Strings

Acoustic Bass Strings

Mandolin Strings

Banjo Strings

### 3 different manufacturing categories:

*Authentic*

Our Authentic strings are a high quality, affordable option for nylon strings. These strings offer consistent tone and exceptional tuning stability and are great for beginners and intermediate players alike.

*Select*

Made from superior materials, Select strings are an excellent choice for players, who strive for a rich tone and a prolonged string life. The anti-rust coating prevents tarnishing and preserves the clear tone of new strings.

*Pro*

Pro strings offer the best available volume, tonal projection, and intonation for your stringed instrument. The anti-rust coating prevents tarnishing and preserves the clear tone of new strings.

# LEFT-HANDED NYLON STRING GUITARS

# OPTIONS

Ortega breaks barriers without losing focus on the basics of classical guitar making. Always conscious of the deep traditions of the guitar construction, we are not afraid to apply contemporary processes in order to improve the playing experience. Two-way truss rods, 12-hole bridges, and a wide variety of scale lengths and nut widths are just some of the ways Ortega is moving guitar building forward in order to make a better instrument for you.
